Z to A Pub Date: It's unlikely to happen.

Born in New York in Salter graduated from West Point, flew fighter jets in Korea.

It's unlikely to happen. An extraordinary work in which each of the 21 chapters takes its title and starting point from one of the elements in the periodic table. It's a mark of Salter's importance that, the occasional dissenting voice notwithstanding, the bun fight surrounding his own is to do with which book confirms it, rather than whether it's deserved at all.
