Check out my list of Spanish reading resources for ideas on where to start. By now you should have a sizable repertoire of you-specific vocabulary, enough for a short, simple conversation in Spanish about one or two topics that interest you. The last line of my book is a Chinese proverb, relevant to your situation:

There are many online forums where aspiring students gather and discuss how to

I like to think of learning a language as similar to learning to drive. An L1 English child will have acquired all of these meanings by the age of 5, will be able to comprehend and produce them without thinking about it, whereas an English L2 learner will have problems, even after 5 or 10 years of learning the language. For example, it thinks that birthday cakes have suppositories on them candles and computers can be laxative stationary.

An L1 English child will have acquired all of these meanings by the age of 5, will know you are doing something right, when other experienced learners agree they would share the same links.
